

CHRISTIAN COUNSELING AND MARRIAGE & FAMILY THERAPY

As an extension of our graduate education program in Clinical Mental Health Counseling along with our Marriage and Family Therapy Certificate, we operate a network of Christian counseling centers in the metropolitan Atlanta area. This ministry enables our students to hone their clinical skills while providing the community access to high-quality, low-cost counseling from a Christian perspective.

Our staff applies the knowledge of counseling, theology, and psychology to comprehensive Christian counseling and assessment services.

For decades, Richmond Graduate University has operated a network of Hope Counseling Centers across the metro Atlanta area.

In partnership with local churches, centers are hosted in 8-10 counties in any given year in order to make mental health counseling services available to more of our community.
